

Want to kick start your career...

...and get into work quickly?

VET is job-focussed, flexible and offers the chance to earn while you learn.

It opens up a world of career opportunities straight from school and beyond.

"I actually prefer to employ people with VET qualifications than degrees because they are likely to have superior skills."

Jarrad Langdon

Did you know..?

Last year 4 million people gained a VET qualification.

**There are 7 different VET qualification levels,
100s of different courses, and
1000s of training providers around Australia.**

VET is flexible.

You can do an apprenticeship or study as part of your job or independently, while at school, when you leave or as a mature student, whenever it suits you.

VET makes you more employable.

It can help you start, advance or change your career.

VET is nationally recognised and valued by employers, including some of Australia's biggest companies.

If you think VET is just for trades, think again.

You'll be surprised at the range of careers - from Aeronautical Engineer to Zookeeper - available through VET.

VET graduate starting salaries are comparable to and sometimes higher than Uni graduate starting salaries.

There's financial help for many VET courses.
